

Concierge — here's a **\*\*UI/UX Bible Whitepaper TOC\*\*** for WeUP that's designed to fully specify the product's interface and experience end-to-end (map-first, cinematic, modal-layered, invite-tiered, no-feed social).

---

## **## WeUP UI/UX Bible — Table of Contents (TOC)**

### **### 0. Front Matter**

0.1 Title Page

0.2 Versioning, Change Log, and “Canonical UX” Rules

0.3 Audience (Design, Engineering, Ops, Partners, Venues)

0.4 How to Use This Bible (What's normative vs. illustrative)

0.5 Glossary (Terms, Roles, States, Artifacts)

---

### **### 1. The WeUP Experience Thesis**
